

Katun Performance™ Monochrome Toners for use in

Lexmark MS810/811/81-series

Printers

Katun PN: See Page 2 • OEM PN: See Page 2

These two Katun monochrome toners provide outstanding print quality and performance in Lexmark MS810 series printers!

Katun introduces two remanufactured monochrome printer toners to our comprehensive line of high-quality Katun Performance™ toners for use in Lexmark printers and MFPs. These two toners – one standard and one high-yield - provide outstanding performance, remarkable print quality and significant cost savings. These printers are still actively being sold by Lexmark, so these toners provide dealers with profit opportunities both short and long-term.

Benefits:

◆ Choose Katun Toner for Consistent Quality and Performance

You can trust Katun – this new monochrome toner has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

- Image quality & density
- Yields
- Fusing performance

◆ Increase Your Profitability

Every business, whether large or small, is looking for ways to gain a competitive advantage. This toner offers OEM-equivalent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality. Additionally, these printers are still actively being sold by Lexmark, so these Katun toners give dealers both immediate and long-term profit opportunities.

◆ A Growing Line Gives You More Opportunities to Save on Printer Supplies

Katun offers a comprehensive line of toner cartridges for use in today's most popular Lexmark monochrome and color multifunctional equipment, enabling you to meet the printing supplies needs of all your customers.

◆ Consistent Quality and Performance

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun Performance toner seamless for your customers. All Katun Performance toner cartridges are developed and manufactured according Katun's strict quality guidelines to ensure consistent quality and performance.

Machine Overview
