KATUN®

Katun offers several brands to meet a wide variety of customer needs, including Katun® Performance™, Katun® Business Color, Katun® Access™ and Media Sciences® brands.

Katun Performance™ is our premier brand, encompassing our highest-quality products that provide OEM-equivalent life/yields, excellent image quality, and outstanding color reproduction. Product performance is comparable to that of OEM products, but at significant cost savings – thereby delivering your best overall value!

Katun Business Color products provide OEM -equivalent life/yields, consistent image quality and color reproduction that meets or exceeds end-user expectations in business color applications. These products combine substantial cost savings, strong product performance and excellent value.

Media Sciences toner cartridges have been developed specifically for the highly competitive printer supplies market, and are priced very competitively. These new-build and color toners have been developed and rigorously tested to ensure complete compatibility with the OEM toners and to provide OEM-equivalent image quality, image density, yields and fusing performance. Many of our color toners utilize chemical toner to provide outstanding color reproduction.

The Katun Access™ brand offers low pricing and consistent life/yields. Solid image quality – similar to that of products offered by other aftermarket companies – enables price-sensitive buyers to purchase imaging supplies that provide dependable performance.

The stated yield (*) is equivalent to the one stated by the OEM.

Katun offers two types of laser cartridges:

- 1 - New-build Cartridge
- 2 - Remanufactured Cartridge

In order to place an order or to verify our products' availability, please visit our online catalogue at this address www.katun.com.

Katun is a member of ETIRA (European Toner & Inkjet Remanufacturers' Association) which promotes the culture of the remanufacturing for the printing consumables, according to the principles of the eco-sustainability and of the respect of the intellectual property.
