Katun introduces a new range of Katun® Performance™ color toners for use in OKI color printers and MFPs. These new-build toner cartridges have been rigorously tested and provide reliable, industry-leading performance. By choosing Katun® Performance™ toners, you can increase your profits with significant cost savings versus the OEM toner.

Benefits:

◆ Ensure Customer Satisfaction with New-Build Katun® Color Toner Cartridges

These new-build color toner cartridges provide outstanding color image quality, OEM-equivalent yields and consistent performance, ensuring end-user customer satisfaction. Improve your profitability without risk!

◆ Toner Performance You Can Trust

Katun® Performance™ toners have been developed and rigorously tested to provide outstanding image quality, image density, page yields, fusing performance, and complete compatibility with OEM toners. Katun's testing and evaluation protocols ensure industry-leading performance, giving you a reliable and profitable OEM alternative. You can count on Katun for consistent performance and high print quality.

◆ Convert from OEM Color Toners and Realize Significant Cost Savings!

Businesses are constantly seeking cost saving opportunities and ways of improving their competitive advantages. These new Katun® Performance™ color toners offer significant cost savings versus OEM supplies, without sacrificing performance, quality or customer satisfaction – providing true cost savings that are unsurpassed.

◆ A Growing Imaging Supplies Portfolio for use in OKI Applications

These new toners are Katun's latest offering for use in numerous OKI color laser printers. While some of the applications supported by these new Katun® toners are no longer being actively sold by OKI, many applications are still in use today. Our full line of Performance brand OKI toners offers dealers and end-users an aftermarket alternative to high-priced OEM toners.
