

Katun® Performance™ Monochrome Toners for use in

Utax LP 3030 and LP 3045

Printers

Katun PNs: 39622, 39624 • OEM PNs: See Page 2

Katun is pleased to announce the release of two top quality new-build toner cartridges for use in Utax printers

Note: Products shown represent Katun products in this category.

The introduction of these Katun® Performance™ toner cartridges for use in the very popular Utax LP 3030 and LP 3045 machines adds to Katun's growing product offering for use in Utax monochrome printers. These products provide the ideal combination of cost-savings and high-quality performance, while offering outstanding reliability and consistency. To enable full compatibility with managed print systems (MPS), these new-build Katun® Performance™ cartridges come standard with an RFID chip, just like the OEM cartridge.

Benefits:

◆ Reliable Toner Performance

These Katun® Performance™ new-build toner cartridges have been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing performance. You'll receive industry-leading performance from this reliable, profitable OEM alternative.

◆ Reduce Supplies Costs & Improve Your Profitability

Every business, whether large or small, is looking for ways to gain a competitive advantage. These products offer OEM-equivalent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality.

◆ Excellent Print Quality

These new-build toners are the result of Katun's commitment to quality and provide the remarkable print quality that is synonymous with the Katun® Performance™ brand.

◆ A Growing Line You Can Count On

Katun's line of products for use in Utax printers continues to expand with the highly anticipated introduction of these two toner cartridges. Utax dealers who have previously chosen Katun® toner cartridges because of consistent performance, high print quality and significant cost savings, will be equally satisfied with these new Katun® toner cartridges which now include the RFID chip to allow for full MPS functionality.

Machine Overview

In 2006, Utax introduced the LP 3030 and LP 3045 printers. Be it small or large teams or the entire department, these Workstation monochrome laser printers satisfies everyone's needs. These machines deliver print speeds up to 45 ppm and a 9 second or less first-print time.

Models	Speed (PPM)	Mfg Status
LP 3030	30	Discontinued
LP 3045	45	Discontinued

Product Characteristics

Models	OEM	Katun	Yield*	Chip	Priced per/sold in
LP 3030	44030 10010	39622	12,000	Yes	Priced each/sold each
LP 3045	44045 10010	39624	20,000	Yes	Priced each/sold each

* OEM Stated Yield; actual yield may vary depending on machine application, machine condition, and usage conditions.
