Katun introduces high quality new-build toner cartridges for use in Olivetti printers

The introduction of these Katun® Performance™ toner cartridges for use in the widely placed Olivetti PG L2040 machines adds to Katun's existing product offering for use in Olivetti monochrome printers. These products provide the ideal combination of cost savings and high-quality performance, with greater reliability compared to many other aftermarket new-build toner cartridges. To enable full compatibility with managed print systems (MPS), these new-build Katun® Performance™ cartridges come standard with a chip, just like the OEM cartridge.

Benefits:

◆ Toner Performance You Can Trust

These Katun® Performance™ new-build toner cartridges have been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing performance. You'll receive industry-leading performance from these reliable, profitable, OEM alternatives.

◆ Reduce Your Supplies Costs and Increase Competitiveness

Every business, whether large or small, is looking for ways to gain a competitive advantage. These products offer OEM-equivalent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality.

◆ Consistent Quality and Performance

These new-build toners are the result of Katun's commitment to quality and provides the outstanding performance and consistent print quality that is synonymous with the Katun® Performance™ brand name.

◆ A Growing Line You Can Count On

Katun's line of products for use in Olivetti printers continues to expand with the introduction of these new, highly anticipated toner cartridges. Olivetti dealers who have successfully utilized previous Katun® toner cartridges because of consistent performance, high print quality and significant cost savings, will be equally satisfied with these new Katun® toner cartridges which now include the RFID chip to allow for full MPS functionality.

Machine Overview

In 2009, Olivetti introduced the PG L2040 printers. These machines are ideal for a wide range of users, including professionals, workgroups and departmental organizations. Productive and fast, these printers deliver print speeds up to 40 ppm and a 10.5 second first-print time.

| Models | Speed (ppm) | Mfg Status |
|----------|-------------|--------------|
| PG L2040 | 40 | Discontinued |

Product Characteristics

| Models | OEM PN | Katun PN | Yield* | Chip | Priced per/sold in |
|----------|---------------------------------|----------|--------|------|-----------------------|
| PG L2040 | TK-350 TK-350B 1T02LX0NL0 | 43115 | 15,000 | Yes | Priced each/sold each |

**OEM stated yield; actual yield may vary depending on machine application, machine condition and usage conditions.*
