

Automated Toner Fulfillment Program (ATF)

With the Automated Toner Fulfillment program (ATF), you receive toner cartridges EXACTLY when you need them. Using “Smart Alerts” software, replenishment orders are triggered automatically to avoid having any printer out of service because of toner.

Save Money • Save Time • Reduce Toner Waste • Satisfaction Guarantee

- Automatic management of your supplies needs for all your printing devices (with or without a cost/page contract)
- No more printer downtime for lack of toner
- Reduce toner waste: the cartridge is replaced only when it is empty
- No more cartridges stored at your site unnecessarily
- No time lost placing your order with different suppliers
- No ordering errors: you always receive the correct cartridge
- No extra cost for urgent deliveries: the supplies are delivered just-in-time
