Why Choose a Remanufactured Printer from Katun for Your MPS Network? Greater Profitability!

When a printer in an MPS network needs replacing – or an additional printer needs to be added – choosing a remanufactured printer from Katun makes perfect sense. Why pay full price for a new OEM printer when a remanufactured printer from Katun performs just as well? Beyond the obvious hardware cost savings, aftermarket supplies are not readily available for newer printers – which forces you to pay for expensive OEM toner cartridges, significantly reducing your MPS supplies profit margins. Choose remanufactured printers from Katun and service them using low cost, high-quality Katun toners – then watch your MPS profits grow!

Trust Katun for Quality

Tens of thousands of office equipment dealers have trusted Katun parts and supplies for decades, so you know you can rely on Katun for high-quality remanufactured printers as well.
