

Katun Direct to End-User Program

Make supplying your customers with quick deliveries simple with Katun's Direct to End User Service!

With the Direct to End User program, Katun extends its services portfolio by offering a next-day delivery service directly to your customers.

- You do not need to carry stock – Katun does that for you!
- Get the product to the device in time for technical visits
- Gain space and free cash from inventory stock
- You can eliminate express deliveries from site
- Higher responsiveness and strengthened customer relationships

▶ Do your customers need just-in-time deliveries ?

▶ Don't want to invest in logistics or warehousing?

▶ Need reliable products and quick deliveries?

The Direct to End User Program is for you!
