

Katun Performance™ OPC Drum for use in

Toshiba e-Studio 2040C/2540C/3040C/3540C/4540C-series

MFPs

Katun PN: 43479 • OEM PNs: OD-FC25, 6LJ04446000

Manage costs and increase your profits with this color OPC drum now available from Katun!

Katun is pleased to introduce a Katun Performance™ drum for these popular Toshiba color applications. This drum offers OEM-equivalent performance at a significantly lower cost than the OEM drum, providing Toshiba dealers with an outstanding profit opportunity for this large machine base.

Benefits:

◆ Katun-Exclusive Cost Savings Opportunity

Katun is the first and only aftermarket company to provide an OEM compatible drum for these Toshiba color applications. You now have an option to choose between the higher-cost OEM drum or the lower-cost Katun Performance™ product.

◆ OEM-Equivalent Quality and Performance

Dealers can depend on OEM-equivalent results throughout the life of this Katun Performance™ OPC drum for this popular Toshiba color series. This drum also provides print quality, image density, backgrounding, and half-tone reproduction equivalent to that of the Toshiba drum.

◆ Improves Cost Per Copy

By using this Katun drum, dealers can easily lower their overall cost per copy and increase profitability, without compromising output quality, yield or customer satisfaction. Toshiba dealers installing this drum will gain a competitive cost edge over dealers installing the higher-priced OEM drum.

◆ Commitment to Quality

Katun's reputation is not only built upon providing high-quality/high-value products, but also on a commitment that our time-tested quality control processes will never be compromised. This Katun Performance™ drum provides consistent performance, print quality, and yields to dealers that demand OEM-equivalent performance.

◆ Best Value

Count on Katun for excellent performance, lower costs and outstanding customer service. Katun Performance™ – your best overall value!
