LATIN AMERICA

Two Great Solutions from 3M!

3M™ FIELD SERVICE VACUUM

Portability, quick setup, and efficient, safe operation for toner cleanup.

The attachments fit easily into the cover compartment for rapid access. The extendible hose allows the operator to clean large machines and hard-to-reach areas without lifting the vacuum. *The 3M Field Service Vacuum's technologically advanced materials dissipate electrostatic buildup, reducing the risk of shock damage to sensitive electronic equipment – and protecting the service technician from electrostatic discharge.*

The 3M Field Service Vacuum comes complete with:
- Stretch hose (79 cm to 2,1m)
- Crevice tool
- Crevice tool brush
- Wand tool
- Filter Type 2
- Detachable power cord

Complete with a three-year limited manufacturer's warranty.

Katun PN 11737730 • 115v
Katun PN 11737710 • 220v

Vacuum Accessories, available separately

Katun PN	Description	
11737708	3M™ Filter Type 1	Great for cleaning up color toner!
11737731	3M™ Filter Type 2	Great for cleaning up black toner!
11010043	3M™ Needlenose Nozzle	Perfect for narrow crevices
11016986	3M™ Crevice Brush	When you need to loosen debris too
11016985	3M™ Crevice Nozzle 23 cm	Perfect for narrow crevices
11016982	3M™ Carrying Strap	For added convenience
11016983	3M™ Wand Nozzle	Extend your reach with ease
11016984	3M™ Curved Wand Nozzle 38 cm	For small, tight, hard-to-reach areas
11016987	3M™ Stretch Hose 79 cm	Extends to 2,1 m!
11737787	3M™ Flexible Hose 127 cm	Extends to 4,9 m!

3M™ ELECTRONICS VACUUM

Safe for removing dust in electronic equipment containing circuit boards and chips.

The 3M Electronics Vacuum is specifically designed to remove dust in electronic devices. All the necessary attachments are included in the vacuum case for easy and quick assembly and transport.

The 3M Electronics Vacuum is constructed with electrostatic dissipative plastic, reducing the risk of damage to sensitive electronic equipment. In addition, it offers added protection for RF susceptible components found inside the metal cabinet of computers, printers, copiers and other electronic equipment.

The 3M Electronics Vacuum RFI filter provides an additional level of safety.

Accessories include:
- A dusting brush attachment with both static dissipative body and static dissipative bristles to clean around static sensitive components inside the cabinet, minimizing the potential for static damage
- A static dissipative needle nose nozzle
- Stretch hose (32" to 7')
- Crevice tool
- Crevice tool brush
- Curved wand tool
- Filter Type 2
- Detachable power cord

Complete with a three-year limited manufacturer's warranty.

Cleans up toner too!

Now Available!

Katun PN 11017240 • 115v (3M Model 497-AJM)

Katun PN 11017241 • 220v (3M Model 489-ABF)

Don't forget the filter…

Choosing the right filter type helps optimize vacuum suction. 3M offers easy-to-install filters with thin fibers in two different weaves to trap specific sizes of particles.

Type 1 • Fine Particle Filter
Katun PN 11737708
Special HEPA media designed for cleaning color laser printers/copier and other highly sensitive machines that utilize toners of extremely fine particle size.

Type 2 • Toner/Dust Filter
Katun PN 11737731
Efficiently traps toner used in standard copiers and laser printers.

3M

Wiha Magnetizer/Demagnetizer

Compact, box-style device works on screwdriver blades and other steel items

- Uses 2 C5 industrial permanent magnets
- (+) to magnetize
- (-) to demagnetize
- Dimensions 2.1" x 2.0" x 1.1"
  Katun PN 11011525

Wiha Slotted & Phillips Screwdrivers

- Tapered handle allows rapid rotation
- Rotating cap for precise turning and control with fingertip
- Precision ground tip for exact fit
  Katun PN 11011523

7 Piece Set Includes:
Slotted (1.5, 2.0, 2.5, 3.0mm)
Phillips (#1, #0, #00)

Protect Your Electronic Equipment!

At any time, power surges caused by lightning strikes or other unexpected events can damage your essential office equipment, computers, or other electronic devices. It simply isn't worth the risk. Established in 1975, Panamax has been the leading innovator in power conditioning and surge protection. Manufacturing expertise and dedication to quality separate Panamax surge protectors from all others on the market.

■ **Lifetime Product Warranty**

Warranty guarantees Panamax standard surge protectors for life as part of a total commitment to customer satisfaction.

The surge protector shall be free of any defects in design, materials, or workmanship, and Panamax will repair or replace any defective product.

ACCESSORY PRODUCTS

KATUN®

Chemicals, Cleaners and Degreasers

Katun Performance Formula K Cleaner

Katun Formula K Cleaner specially formulated solution, provides the ideal detergent strength for office equipment exteriors. *NOTE: Not formulated for use on lenses, mirrors, or other glass surfaces.*

Katun PN	Product Description
11707319	Katun Formual K-8 oz bottle (2.36 dL)
11707334	Katun Formula K-1 US gallon bottle (3.79L)

Chemicals, Lubricants

Katun Performance Drum Supplies

Katun Dusting Pouches contain pre-installation lubricants ideal for photoreceptors and urethane drum cleaning blades. Highly recommended to prevent damaging "blade flip".

Katun Zinc Stearate Powder Dusting Pouch
• Recommended for lubricating selenium alloy photoreceptors and urethane drum cleaning blades.
• Larger particle size is ideal for use on "swirled surface" As2Se3 drums.

Katun Kynar Dusting Pouch
• Recommended for lubricating OPCs, selenium alloy and a-Si photoreceptors, and urethane drum cleaning blades.
• Small particles prevent drum abrasion and will not absorb moisture.

Katun PN	Product Description
11707200	Dusting Pouch with Kynar
11707321	KATUN Drum and Blade Dusting Pouch

Lubriplate Grease

Lubriplate® High Temperature Grease is a heat-resistant formula that lubricates effectively at temperatures up to 500° F (260° C). Compact tubes fit easily in a tool case.

Katun PN	Product Description
11708023	Lubriplate 930AA High-Temperature Grease

Cleaning Cloths

Charge Roller Cleaning Wipes

Using Katun Charge Roller Cleaning Wipes removes harmful contaminants from the charge roller's surface, enabling the restoration of the charge roller's proper charge transfer capabilities and thereby maximizing drum performance and ensuring optimal and consistent copy quality throughout the remainder of the drum cartridge life. Product contains sufficient cleaning liquid to clean charge rollers up to 350mm in length and 20mm in diameter.

Katun PN	Product Description	Pricing Unit
11027935	Charge Roller Cleaning Wipes	Priced per pack, five per pack

Chicopee Cleaning Cloths

Chicopee® Stretch'n Dust® medium-duty, single-use dusting cloths are designed for fast pickup of dry toner.
• Slight stretching releases mineral-based chemicals to attract toner, dust, and other particles.
• Pocket-forming design provides thorough cleaning.
• Discard after use; avoid open flame.
• Large 31.7 cm x 43.1 cm cloths.
• 400 cloths per box.

Katun PN	Product Description	Pricing Unit
11707314	Stretch'n Dust Cleaning Wipes	Priced per Box, 400 Cloths per Box.

Chicopee Soft Cloths

Chicopee Chix® Soft Cloth, absorbent, lint-free cloths, are ideal for cleaning lenses, mirrors, glass, and more.
• Effective for applying recommended fluids to photoreceptors.
• Durable - even when wet.
• Large 34.2 cm x 38.1 cm cloths; 40 cloths per bag.

Katun PN	Product Description	Pricing Unit
11707338	Chicopee Soft Cloths	Priced per Bag, 40 Cloths per Bag.

## Multimeters and Testers

Specialty Testers

3-Wire Circuit Analyzer
• Provides efficient testing of electrical circuits.
• UL Listed

Katun PN	Product Description
11011655	3-Wire Circuit Analizer

Multimeters and Testers

Triplett Model 9005

Count on the Triplett 9005-A digital multimeter for performance and durability. Each multimeter includes a protective red rubber boot, double insulated case, safety test leads with screw-on alligator clips, and comes with a three-year warranty.
• Economical and efficient
• Large 2.5 cm high display
• Measures AC voltage to 750 V, DC voltage to 1000 V
• Measures AC & DC current to 10 A
• Measures resistance to 200MΩ
• Measures continuity, diode and transistor check
• 3 1/2 Digit, 1999 max. reading
• Manual range selection
• Data hold
• Auto polarity
• Overload protection
• Low battery indication
• Auto power off
• Double insulated case
• Safety designed to comply with IEC 1010-1
• CAT I, II, and III rated
• Overload protected
• 3 year warranty
• Include: red rubber boot, safety test leads with screw-on alligator clips & 9 volt battery

Katun PN	Product Description
11022105	Triplett Digital Multimeter-9005

Triplett Model 9015

Count on Triplett Model 9015 digital multimeter for performance and durability. Each multimeter includes protective red rubber boot, double insulated case, safety test leads with screw-on alligator clips, and comes with a three-year warranty.
• LSI integrated circuit for stability and accuracy
• Measures AC voltage to 750 V, DC voltage to 1000 V, Measures AC & DC current to 20 A
• Measures resistance, temperature, capacitance, and transistor gain
• Measures diode voltage drop and continuity, Measures frequency and transistors
• Auto power off, Data hold
• 3 1/2 Digit, 1999 max. reading
• HUGE 2.9 cm high digital display
• Manual range selection
• Temperature test (Probe Included), Capacitance test (Extension Lead Included)
• Frequency, Auto polarity
• Overload protection
• Low battery indication
• Double insulated case
• Safety designed to comply with IEC 1010-1, CAT I, II, and III rated
• Overload protected
• 3 year warranty
• Includes red rubber boot, safety test leads with screw-on alligator clips, thermocouple probe, capacitance extension lead & 9 volt battery

Katun PN	Product Description
11022106	Triplett Digital Multimeter-9015

Surge Protection and Power Filters

M4T-EX

M4T-EX Multi-Use AC - provides noise filtration/surge protection for all home/office equipment
• Solid-state telephone line protection
• Solid-state 100bT Ethernet line protection
• Four AC outlets with transformer spacing
• Accepts add-on signal line modules to accommodate system expansion
• Lifetime Product Warranty - The surge protector shall be free of any defects in design, materials, or workmanship, and Panamax will repair or replace any defective product.

Katun PN	Product Description
11021349	Panamax M4T-EX

MAX 2

MAX® 2 Multi-Use AC Protector includes performance features such as:
• Protect or Disconnect™ Circuitry, which completely disconnects AC power to connected equipment in the event of a catastrophic surge, and SignalPerfect™ Circuitry for clean, clear signals (Tel models only).
• Three diagnostic lights to indicate wiring integrity and protection status, so you know at a glance that your equipment is safe.
• Protects two AC lines by easily plugging into wall. Side mounted outlets allow furniture to be moved closer to wall.
• For use with copiers, printers, computers, and appliances.
• Lifetime Product Warranty guarantees Panamax standard surge protectors for life as part of a total commitment to customer satisfaction - The surge protector shall be free of any defects in design, materials, or workmanship, and Panamax will repair or replace any defective product.

Katun PN	Product Description
11019812	Panamax MAX 2

MAX 2, 20 AMP

MAX® 2, 20-AMP High-Current Protection
• Protect or Disconnect™ Circuitry, which completely disconnects AC power to connected equipment in the event of a catastrophic surge, and SignalPerfect™ Circuitry for clean, clear signals (Tel models only).
• Three diagnostic lights to indicate wiring integrity and protection status, so you know at a glance that your equipment is safe.
• Protects two AC lines (1-15A, 1-20A) by easily plugging into wall. Side mounted outlets allow furniture to be moved closer to wall.
• For use with high speed copiers and printers.
• Lifetime Product Warranty guarantees Panamax standard surge protectors for life as part of a total commitment to customer satisfaction - The surge protector shall be free of any defects in design, materials, or workmanship, and Panamax will repair or replace any defective product.
Katun PN	Product Description
11019813	Panamax MAX 2, 20 AMP

Tools, Hard Sided Cases

Platt Polyethylene Tool Case

The Platt Deluxe Polyethylene Tool Case is a high-quality hard-shell case that is constructed of durable, chemical-resistant polymers to retain its professional appearance year after year. Recessed key locks provide security when required, and leather "golf-grip" handle maximizes carrying comfort.
• Interior features document pocket and fixed bottom divider.
• Molded-rib shell with black anodized frame.
• Includes adjustable divider system.
• Measures 45.7 x 33.0 x 15.2 cm.

Katun PN	Product Description	Pricing Unit
11737617	Deluxe Polyethylene Platt Tool Case	Case only

Platt Polypropylene Tool Case

The Platt Polypropylene Tool Case is a black hard-shell case featuring durable extruded aluminum frame with cast-chrome key locks and cushioned handle.
• Interior includes document pockets for convenient storage of manuals and other paperwork.
• Measures 45.7 x 33.0 x 15.2 cm.

Katun PN	Product Description	Pricing Unit
11737615	Polypropylene Platt Tool Case	Case only

Platt Supervisor's Tool Case

The Platt Supervisor's Tool Case is constructed of anodized aluminum with matching key locks and sturdy, full-length piano hinges. This durable polyethylene hard-shell case will retain its professional appearance under intensive use.
• Includes tool pallet, bottom dividers, and flat writing pallet.
• Cushioned handle increases carrying comfort.
• Measures 50.8 x 38.1 x 15.2 cm.

Katun PN	Product Description	Pricing Unit
11010442	Polyethylene Platt Tool Case +Bottom Lid	Case only

Tools, Hard Sided Cases

Tools, Soft Sided Cases

Platt Advanced Zipper Case

The Platt Advanced Zipper Case is a durable, lightweight case. Keeps tools, documents, and accessories organized. Includes detachable shoulder strap.
• Interior has 29 stitched tool slots and pockets.
• One exterior pouch and one document pocket.
• 27.9 x 35.5 x 8.9 cm heavy-duty construction.

| Katun PN	Product Description	Pricing Unit
11015800	Advanced Zipper Case	Case only

Platt Engineer Zipper Tool Case

The Platt Engineer Zipper Case is a rugged, lightweight case includes additional pockets for added carrying capacity and a detachable shoulder strap.
• Interior has 32 stitched tool slots and pockets.
• One exterior pouch and one document pocket.
• 27.9 x 35.5 x 8.9 cm heavy-duty construction.

Katun PN	Product Description	Pricing Unit
11009113	Zipper Tool Case	Case only

Tools, Soft Sided Cases

CH Ellis® Sectional Zipper Tool Case

The Triple-Section Zipper Tool Case is easy to carry and use, this handy, highly durable case contains an attaché section, tool case section, and spacious inner section for secure storage. "Flap-down" outer sections and a double-zipper center section allow for outstanding accessibility.
• 36 conveniently arranged tool pockets allow easy access to tool of choice.
• Heavy-duty construction protects contents from impact damage.
• Built-in rings allow use of an included shoulder strap.
• Measures 48.3 x 36.8 x 25.4 cm.

Katun PN	Product Description	Pricing Unit
11013145	Triple Section Zipper Tool Case	Case only

Platt Laptop/Notebook Case

The Platt Laptop Computer Tool Case is perfect for service engineers who need their laptop computer during service calls. This high-quality tool case has a durable Cordura nylon exterior with industrial zippers.
• Tool side includes 47 sewn interior pockets and three exterior pockets with hook and loop closures.
• Attaché side has two pockets for files, manuals.
• Additional side padded pocket with a hook and loop closure for a laptop computer.
• New larger size 45.7 x 33.0 x 15.2 cm.
• Includes removable shoulder strap and carrying handle.

Katun PN	Product Description	Pricing Unit
11016887	Laptop/Notebook Case	Case only

Platt Master Technician Tool Case

The Platt Master Technician Case is an ultra-slim, practical service case that provides maximum tool organization.
• Interior has 47 stitched tool pockets and convenient meter pouch.
• Three exterior pockets for fast-access items.
• Includes detachable shoulder strap.
• Approx. 38 x 28 x 5 cm; stitched black Cordura with riveted pressure points.

Katun PN	Product Description	Pricing Unit
11010223	Master Technician Zipper Tool Case	Case only

Platt Soft Sided Tool Case

The Platt Soft-Sided Tool Case is a versatile, soft-sided case that features a heavy-duty zipper, three expandable exterior pockets, and a detachable shoulder strap.
• 48.3 x 39.1 x 12.1 cm ; stitched black Cordura.
• One-year manufacturer's limited warranty.
NOTE: Accommodates full-size tool pallets (not included).

Katun PN	Product Description	Pricing Unit

Phillips Screwdrivers

Katun Screwdrivers
Made from high-strength tempered steel, these high-quality screwdrivers are manufactured by Snap-on exclusively for Katun. Specially designed handles are perfectly sized according to blade length for excellent grip and maximum torque. Phillips screwdrivers meet Japanese Industrial Standard (JIS) specifications, with vapor blasted tips that withstand year after year of intensive use. Made in the U.S.A.
PN 11015497   Phillips #2   blade length: 20 cm   overall length: 32 cm

Snap-on Screwdrivers for the Perfect Fit
Avoid driver camout and stripped screws! American-made Phillips screwdrivers commonly do not meet the stringent Japanese Industrial Standard (JIS 4633B-3/1991). Most are too large and/or too pointed to engage properly into Japanese Phillips screw heads. Poor tool-to-screw engagement can produce frequent driver camout and stripping of screw heads, resulting in lost productivity and increased parts costs. Katun provides Snap-on screwdrivers that meet all Japanese Phillips specifications, and service technicians notice the difference. The fit is perfect every time, and Snap-on vapor-blasted screwdriver tips provide maximum grip within the screw slot. The Snap-on Power Grip handle provides increased torque and reduces hand fatigue. Because the right tool is the tool best suited for the job, Katun offers Snap-on screwdrivers-for the perfect fit service technicians deserve Snap-on Phillips Screwdrivers All handles are perfectly sized according to blade length, for maximum turning power without slipping or fatigue. Heat-treated steel alloy blades with vapor-blasted tips retain their edge and grip.
PN 11010107 Phillips #2   31.5 cm   20.3 cm   PN 11010108 Phillips #2   8.25 cm   3.8 cm

Katun PN	Product Description
11010107	Screwdriver-Phillips #2 31.5cm
11010108	Screwdriver-Phillips #2 8.2cm
11015497	Screwdriver-Phillips #2 200mm

Ratcheting Screwdrivers

These high-productivity tools feature stainless steel shanks and Snap-on Power Grip handles engineered for the intensive use required in office equipment service. Service technicians will appreciate the many performance features, including magnetic bit retention, Japanese-compliant Phillips® tips with anti-camout ribs (ACR®), and a non-slip, knurled shank area. These screwdrivers adjust easily to drive or remove screws with the same smooth ratcheting action in either direction: the 26-tooth gear mechanism yields a new bite every 13.8 degrees. For the most stubborn fasteners, the locked position allows the manual torque of a conventional screwdriver. Convenient hollow handle stores all five screwdriver bits.

Katun/Snap-on Magnetic Ratcheting Screwdrivers with Bits.
Bits included:
One Phillips #1 ACR, One Phillips #2 ACR, One TORX T15, Two flat tip: 4.7mm, 7.1mm.

Vacuums, Filters

3M™ Vacuum Filters

3M offers two filter types to meet all cleaning needs. Different fibers and weaves are designed to trap various particle types. Choosing the right filter type can also optimize vacuum suction and prevent blow-by (passing of particles back into the air and onto work surfaces). 3M configures filters with thin fibers in two different weaves to trap specific sizes of particles, and designs filter cartridges for easy installation and safe disposal.

Type 1 - Fine Particle Filter
A highly concentrated weave (HEPA media) traps extremely fine particles. The Type 1 filter is designed for cleaning color laser printers, color copiers, and other highly sensitive machines that utilize toners of extremely fine particle size.

Type 2 - Toner/Dust Filter
The Type 2 filter efficiently traps toner used in standard copiers and laser printers. It is also ideal for cleaning typewriters and data processing equipment. Type 2 is the standard filter type included with all 3M service vacuums.

Katun PN	Product Description
11737708	Type 1 3M Vacuum Cleaner Filter
11737731	Type 2 3M Vacuum Cleaner Filter

Atrix High Capacity Vacuum Filter

Unique 5-gallon style canister filter seals quickly for disposal, and holds large quantities of debris. This filter is for use with the Atrix High Capacity Toner Vacuums.

Vacuums

3M Electronics Vacuum

The 3M Electronic Vacuum is a powerful unit designed for high efficiency cleanup of most business equipment. Portability, quick setup and efficient safe operation are key features. The 3M Electronics Vacuum is constructed with electrostatic dissipative plastic, reducing the risk of damage to sensitive electronic equipment. In addition, it offers added protection for RF susceptible components found inside copiers, printers, and other office equipment. Normally, the equipment's metal cabinet provides shielding protection for these components, but the components are exposed when the cabinet is opened for cleaning. The 3M Electronics Vacuum RFI filter provides an additional level of safety. Comes complete with Type 2 filter, detachable power cord, 81.2 cm stretch hose, crevice brush and nozzle, dusting brush, needle nose nozzle and curved wand nozzle. Three-year warranty.

Vacuums

3M Field Service Vacuum

3M Field Service Vacuum is the service engineer's choice for efficient cleanup. Portability, quick setup, and efficient, safe operation are key features of this powerful vacuum. The power cord, stretch hose, and all other attachments fit easily into the cover compartment for rapid access. The extendible hose allows the operator to clean large machines and hard-to-reach areas without lifting the vacuum. 3M's technologically advanced vacuum materials dissipate electrostatic buildup, reducing the risk of shock damage to sensitive electronic equipment-and protecting the service technician from electrostatic discharge. The 1 HP motor is continuous duty rated with one sealed ball bearing and one sleeve bearing lubricated for life. Thermally protected with automatic reset. Comes complete with Type 2 filter, detachable power cord, 81.2 cm stretch hose, crevice brush and nozzle, dusting brush, needle nose nozzle and curved wand nozzle. Three-year warranty.

Katun PN 11737730, 115 VAC, 50/60 Hz, 5.0 amps

When Your Customer's Productivity Depends on You...

When customer satisfaction is a priority – install Katun Performance products in your copiers, printers and fax machines. Backed by extensive testing, a no-risk warranty and solid technical support, these products provide the kind of reliability that you – and your customers – can count on. Katun Performance: Your best choice for quality, service, and value.

You Can Depend on Katun Performance.

Enjoy Longer Drum Cartridge Life
AND GREATER PROFITS

Katun P/N 11027935
Sold in a five-pack.

Using Katun Charge Roller Cleaning Wipes removes harmful contaminants from the charge roller's surface, enabling the restoration of the charge roller's proper charge transfer capabilities and thereby maximizing drum performance and ensuring optimal and consistent copy quality throughout the remainder of the drum cartridge life.

- Scent-free, non-hazardous cleaning liquid…will not contaminate or damage OPC drum surfaces.
- Leaves technician's hands clean…no sticky residue.
- Small, convenient-sized charge roller cleaning wipes… can be easily stored in a technician's inventory.

Product contains sufficient cleaning liquid to clean charge rollers up to 350mm in length and 20mm in diameter. Works great on Canon, Ricoh, HP and other OEM hard inner-core and foam inner-core based charge rollers containing an impregnable surface.

Note: Always be sure charge roller is completely dry before installing in drum unit.
