A Great Solution from 3M!

3M™ Field Service Vacuum

Portability, quick setup, and efficient, safe operation for toner cleanup.

The attachments fit easily into the cover compartment for rapid access. The extendible hose allows the operator to clean large machines and hard-to-reach areas without lifting the vacuum. **The 3M Field Service Vacuum's technologically advanced materials dissipate electrostatic buildup, reducing the risk of shock damage to sensitive electronic equipment – and protecting the service technician from electrostatic discharge.**

The 3M Field Service Vacuum comes complete with:

- Stretch hose (32" to 7')
- Crevice tool
- Crevice tool brush
- Wand tool
- Filter Type 2
- Detachable power cord

Complete with a three-year limited manufacturer's warranty.

Vacuum Accessories, available separately

Chemicals, Cleaners and Degreasers

Cooper's Feed Belt Cleaner

Cooper's Document Belt Cleaners are formulated specifically to remove toner and contaminants from ADF belts used in plain paper copiers.
• Proper cleaning of ADF belts can reduce paper jamming, improve copy quality, and increase customer satisfaction.
• Provides effective cleaning without softening or abrasion.

Katun PN	Product Description
11703	Canon Doc. Feed Belt Clnr., 1 gal. Synthe
11704	Savin Document Feed Belt Cleaner, 1 gal.
11705	Savin Document Feed Belt Cleaner, 4 oz.

Fedron Solvent

Fedron Cleaning Solvent, the trusted, high-strength solvent, thoroughly cleans and degreases developer rollers and other metal surfaces. Not for use on photoreceptors.

Katun PN	Product Description
11606	Fedron Cleaning Solvent-8 fl. oz. bottle
708824	Fedron Cleaning Solvent - 1 Qt.

Katun Performance Cleaner

Katun Anti-Static Glass Cleaner/Conditioner
Katun's best glass cleaner, developed specifically for copiers with document feeders and duplicators, is specially formulated to clean and condition glass in one application. Get great cleaning power without leaving streaks, film, or static buildup for a long-lasting, friction-free surface.
• Creates smooth, slick surface to help eliminate paper jams.
• Removes dust, dirt, fingerprints, and other contaminants, and prevents their return.
• Fast-drying formula saves time.
• Works great on auto windshields to shed rain, dirt, and dust.

Katun All Purpose Lens, Mirror & Glass Cleaner
Special formulation efficiently cleans lenses and mirrors without leaving streaks, film, or residue. Also excellent for cleaning platen glass on copiers without document feeders and duplicators.

Katun PN	Product Description
16241	A) Katun Anti-Static Glass Cleaner-8 fl.oz.
20848	B) Katun Lens and Mirror Cleaner -1 US gal

Page 3

Chemicals, Cleaners and Degreasers

Katun Performance Drum Cleaner

Katun Selenium Alloy Photoreceptor Pumice
Provides sufficient abrasiveness to remove minor surface defects and oxidation from selenium tellurium and arsenic triselenide photoreceptors.
• Proper application can extend photoreceptor life and reduce service costs.
• Apply polish or pumice with foam application pads, cleaning sponges, or Webril® wipes and pads.

Katun Selenium Alloy Photoreceptor Polish
Recommended for polishing selenium tellurium and arsenic triselenide photoreceptors to remove minor surface defects and oxidation.

Katun OPC Photoreceptor Cleaner
Specially-formulated solution of deionized water and isopropyl alcohol - the strongest recommended treatment - removes contaminants from Organic Photoconductors (OPCs).

Katun PN	Product Description
707301	A) Katun Se Drum Pumice 4 oz.
707302	B) Katun Se Drum Polish 4 oz.

Katun Performance Formula K Cleaner

Katun Formula K Cleaner specially-formulated solution, provides the ideal detergent strength for office equipment exteriors. NOTE: Not formulated for use on lenses, mirrors, or other glass surfaces.

Katun PN	Product Description
707319	Katun Formula K-8 fl. oz. bottle
707334	Katun Formula K-1 US gallon bottle

Katun Solvent

Katun Photoreceptor Film Remover, a 99% pure isopropyl alcohol solution, removes light toner film from selenium alloy photoreceptors and is also an excellent general-purpose solvent.

Katun PN	Product Description
23109	Katun Film Remover-1 liter bottle
703966	Katun Film Remover-8 fl. oz. bottle

Page 4

Chemicals, Cleaners and Degreasers

Kresto® Cleaner

Use Kresto® EF® Hand Cleaner with a small amount of water, and this concentrated cleaning paste quickly removes toner, grease, ink, glue, and other hard-to-remove substances from skin.
• Contains a safe solvent and mild scrubbing agent.
• Convenient tube for easy travel.

Katun PN	Product Description
708038	Kresto Hand Cleaner

MG Chemicals®

MG Rubber Renue rejuvenates and conditions rubber. Excellent for use on belts, platens, rollers, and other rubber parts. Easy to apply with a cloth, brush, or swab, then it evaporates quickly and leaves no residue.
• Rubs off oxidation film.
• Contains no ozone-depleting substances.

Katun PN	Product Description
39254	MG Rubber Rejuvenator 8.5 oz

Novus Plastic Polish®

Novus® Plastic Polishes are ideal for cleaning, restoring, and refinishing office equipment surfaces.

Plastic Polish #1 - Clean & Shine
• Ideal for cleaning copier platen glass, office equipment panels, and CRT glare guards.
• Gives surfaces a clean, greaseless shine.

Plastic Polish #2 - Fine Scratch Remover
• Removes scratches and age-related discoloration from office equipment panels, cabinets, and other surfaces.
• Prepares surfaces for finishing with Polish #1.

Katun PN	Product Description
707395	Novus Plastic Polish #1
707398	Novus Plastic Polish #2

Chemicals, Cleaners and Degreasers

Techspray® Air Duster

Techspray Envi-Ro-Tech™ Duster 1671, is an inert dusting gas ideal for removing dust, lint, and other particles from tight spaces in copiers and other office equipment.
• Nonflammable, moisture-free formula leaves no residue.
• Contains no CFCs.

Katun PN	Product Description	Pricing Unit
11832	Envi-Ro-Tech Duster-12 x 10 oz. can	Priced per Box, 12 Cans per Box.
128	Envi-Ro-Tech Duster-10 oz. can	Priced per Can

Techspray® Alcohol Cleaner

Techspray Isopropyl Alcohol - 1 pint bottle
99.8+% pure, anhydrous isopropanol for all-purpose cleaning. Excellent for removal of fluxes, light oils, polar soils, and white mineral residue. Can be used as a thinner for most fluxes.
• Non-ozone depleting
• Safe on plastics
• Rapidly evaporating
• Zero residue
• Non-corrosive

Katun PN	Product Description	Pricing Unit
11852	Isopropyl Alcohol, Bottle	Priced per Bottle, sold in Boxes of 2.

Techspray® Cleaner

Techspray EcoLine Contact Cleaner
Safe, natural formula is perfect for cleaning switches, relays, pads, and other electrical contacts.
• Non-corrosive on most plastics, enabling contact cleaning without housing damage.
• Efficient and effective formula for best cleaning performance.

Techspray Vortex™ High Velocity Duster
Cleans and removes microscopic contaminants and dust particles from all types of electronic equipment, without threat of dispensing liquid and leaving residue. Ideal for use on copiers, printers, computers, magnetic tape heads, and more.
• Non-flammable.
• Non-ozone depleting.

Katun PN	Product Description

Page 6

Chemicals, Cleaners and Degreasers

Techspray® Cleaner/Degreaser

Blue Shower® G3® Cleaner/Degreaser
Based on a new-patented technology, making it the direct replacement for cleaners/degreasers containing HCFC-141b. This innovative blend was designed for precision cleaning of polar and non-polar soils. Blue Shower® G3® is effective in cleaning electronic and electrical equipment, machinery, metal parts and other general cleaning applications.
• Non-ozone depleting
• Non-flammable
• Safe on most plastics
• Rapidly evaporating
• Zero residue

Katun PN	Product Description
23202	Blue Shower G3 Cleaner/Degreaser 16 oz.

Techspray Label and Adhesive Remover

Tech Spray Label & Adhesive Remover safely and quickly removes labels and gummy residue from equipment housings and other surfaces.
• Penetrates rapidly for efficient removal of adhesives, ink marks, and other common contaminants.
• Mild, natural solvent will not damage plastics.
• Nontoxic, environmentally-friendly formula.

Katun PN	Product Description
11851	Label and Adhesive Remover

Techspray® Platen Cleaner

Tech Spray Rubber Rejuvenator/Platen Cleaner is a specially formulated natural solvent that removes dirt and ink from feed rollers and other rubber parts in office equipment.
• Excellent cleaning performance improves print quality.
• Revitalizing effect improves roller grip, reducing paper jams and misfeeds.

Katun PN	Product Description
11609	Tech Spray Platen Cleaner-2 fl. oz. bottle

Page 7

Chemicals, Lubricants

Katun Performance Drum Supplies

Katun Dusting Pouches contain pre-installation lubricants ideal for photoreceptors and urethane drum cleaning blades. Highly recommended to prevent damaging "blade flip".

Katun Kynar Dusting Pouch
• Recommended for lubricating OPCs, selenium alloy and a-Si photoreceptors, and urethane drum cleaning blades.
• Small particles prevent drum abrasion and will not absorb moisture.

Katun Zinc Stearate Powder Dusting Pouch
• Recommended for lubricating selenium alloy photoreceptors and urethane drum cleaning blades.
• Larger particle size is ideal for use on "swirled surface" As2Se3 drums.

Katun PN	Product Description
707200	Dusting Pouch with Kynar
707321	Katun Drum and Blade Dusting Pouch

Katun Performance Lubricant

This all-purpose lubricant is Katun's best ever! Coats and protects metal parts to extend life and enhance performance. Premium-grade solvent-refined oil inhibits oxidation and reduces foaming. High-quality formula also displaces moisture to ensure even greater protection of vital parts.
• For use in both low and high temperature applications (up to 200° F, 93° C).
• Use on bearings, bushings, spring clutches, slide mechanisms, scanner rails, and more.
• Special adjustable spout can be lengthened to over 8 inches-great for lubricating those hard-to-reach areas.
• Non-drying formula.
• Excellent viscosity for increased lubricant adhesion.

Katun PN	Product Description
16961	Katun All Purpose Lubricant

Lubriplate® Grease

Lubriplate® High Temperature Grease is a heat-resistant formula that lubricates effectively at temperatures up to 500° F (260° C). Compact tubes fit easily in a tool case.

Katun PN	Product Description
708023	Lubriplate 930AA High-Temperature Grease

To order, call **1-800-328-2965**, or e-mail your order to: **order@us.katun.com**

Page 8

Chemicals, Lubricants

MG Chemicals® Grease

MG Chemicals® Carbon Conductive Grease lubricates electrical and thermal contact points to improve conductivity, while protecting components against moisture and corrosion.
• Excellent for improving connections between slightly irregular contact surfaces.
• Stable protection up to 400° F (204° C).
• Contains no CFCs or HCFCs.

Katun PN	Product Description
18550	Carbon Conductive Grease

SuperLube®

The synthetic-based formula for Super Lube® Synthetic-based Lubricant, outlasts and out-protects petroleum-based lubricants. PTFE additive ensures maximum protection against friction and wear.
• Nonflammable, resists high temperatures up to 450° F (232° C).
• Economical 3 oz. size now available.

Katun PN	Product Description
18384	A) Super-Lube-3 oz. Tube
707384	B) Super-Lube Precision Oiler

Tri-Flow™ Lubricant

Tri-Flow™ Penetrating Lubricant removes dirt and corrosion from gears, bearings, and other parts to ensure their proper, smooth operation.
• Contains micronized fluoropolymer particulates for maximum lubricating effectiveness.
• Also contains corrosion inhibitors and moisture displacers for protection of treated parts.
• Performs best if all old lubricants are removed from the surface before application.
• Heat-resistant up to 475° F (246° C).

Katun PN	Product Description
707326	A) Tri-Flow Lubricant-6 oz. aerosol can
707339	B) Tri-Flow Lubricant-2 fl. oz. bottle
707390	Tri-Flow Lubricant-4 oz. aerosol can

Cleaning Cloths

Chicopee Cleaning Cloths

Chicopee® Stretch'n Dust® medium-duty, single-use dusting cloths are designed for fast pickup of dry toner.
• Slight stretching releases mineral-based chemicals to attract toner, dust, and other particles.
• Pocket-forming design provides thorough cleaning.
• Discard after use; avoid open flame.
• Large 12½" x 17" cloths.
• 10 bags per case.

Katun PN	Product Description	Pricing Unit
11532	Stretch'n Dust Cleaning Cloths	Priced per Bag, 40 Cloths per Bag.
707314	Stretch'n Dust Cleaning Cloths	Priced per Box, 400 Cloths per Box.

Chicopee Soft Cloths

Chicopee Chix® Soft Cloth, absorbent, lint-free cloths, are ideal for cleaning lenses, mirrors, glass, and more.
• Effective for applying recommended fluids to photoreceptors.
• Durable - even when wet.

• Works on dirty, greasy surfaces.
• Resists high and low temperatures and most chemicals.
• Thick gel formula for "no-drip" precise application.
• 12 tubes per case.

Katun PN	Product Description
16266	Future Glue Gel
429	Super Glue Adhesive

Disposable Gloves

Disposable Gloves, available in latex or vinyl, protect hands while using cleaning solvents, and prevent contamination of photoreceptor surfaces during installation and maintenance.
• Gloves stretch to provide a snug fit; medium and large sizes available.
• Recommended for handling all types of photoreceptors.
• 100 gloves per box.

Katun PN	Product Description	Pricing Unit
708060	Medium Disposable Latex Gloves	Priced per Box, 100 Gloves per Box.
708061	Large Disposable Latex Gloves	Priced per Box, 100 Gloves per Box.
708814	Medium Disposable Vinyl Gloves	Priced per Box, 100 Gloves per Box.
708826	Large Disposable Vinyl Gloves	Priced per Box, 100 Gloves per Box.

Compartment Boxes

Tuff-Tainers help you stay organized and protect valuable parts and components. They're made to resist most common chemicals and include snap latches and detachable lids.
• Large Tuff Tainer measures 9" x 4½" x 11½" with 15 dividers.
• Small Tuff Tainer measures 4" x 7" x 1" with 15 dividers.
• Parts not included.

Katun PN	Product Description
20661	Compartment Box

Miscellaneous Supplies and Accessories

Katun Work Mat

Katun Technician Work Mat protects equipment from scratches, dirt, and grease. Cover your work area with this toner-resistant work mat. The work mat provides a safe, non-slip surface for placing tools and work materials.
• Measures 23½" x 23½".
• Eliminates the need for disposable work mats.
• Features 3M, Snap-on, and Katun logos.
• Lightweight, durable material cleans easily and is long-lasting.

Katun PN	Product Description
21381	Katun Work Mat

Oilers - Precision

This handy, reusable, Precision Oiler features a 5½" angled brass spout ideal for lubricating hard-to-reach areas.
• Nozzle twists shut tightly to prevent leaks.
• Fully compatible with liquid or dry lubricants.

Katun PN	Product Description
12161	A) Precision Oiler
16310	B) Valve Spout Oiler

Plastic Bottles

These reusable Plastic Bottles, made of Polyethylene, are ideal for storing and accessing isopropyl alcohol or other required liquids. Available in 4 oz and 8 oz size.
• Flip-top spouts seal bottles securely but open easily for use.
• Spray nozzles dispense a fine mist ideal for most cleaning applications.

Katun PN	Product Description
11649	Plastic Bottle w/Nozzle-8 oz
11650	Plastic Bottle w/Nozzle-4 oz
708019	Reusable Squeeze Bottle-4 oz
708020	Reusable Squeeze Bottle-8 oz

Miscellaneous Supplies and Accessories

Zip-Lock Bags

Mini-Grip Poly Bags offer easy opening, secure closure for convenient parts storage.
• White area on each bag allows readable labeling.
• 100 bags per pack.

Katun PN	Product Description	Pricing Unit
10447	Zip-Lock Bags (100 Bags) 3" x 4"	Priced per Bag, 100 Bags per Bag.
10448	Zip-Lock Bags (100 Bags) 4" x 6"	Priced per Bag, 100 Bags per Bag.

Multimeters and Testers

Specialty Testers

3-Wire Circuit Analyzer
· Provides efficient testing of electrical circuits
· UI Listed

Katun PN	Product Description
11655	3-Wire Circuit Analizer

Triplett Line Testers

Line-Bug 4 Phone / LAN Line Tester
· Tests standard telephone jacks and LAN jacks for connection to telephone system
· Protect your Expensive LAN Tester!!! - checks LAN Lines (RJ-45) wired to 568 A/B standard for damaging telephone line current
· Has both RJ-11 and RJ-45 style plugs
· 4 Tri-Color (Red / Green / Amber) LED's indicate Current, Polarity, & Ringing / AC Voltage on each line
· Tests Single Line, 2 Line, 3 Line, or 4 Line jacks to USOC (telephone) standard
· RJ-45 test plug is selectable via front panel switch for USOC (telephone) or 568 (LAN) connection
· Compact design - fits in shirt pocket
· Self powered - no batteries required
· Economical and Convenient
· One Year Limited Warranty

Katun PN	Product Description
23165	Triplett Line Testers

Multimeters and Testers

Triplett Model 1101-B

Model 1101-B Compact Digitial Multimeter with Backlit Display and Temperature Test
• 3½ digit, w/1999 max. reading
• Bright, White Backlit display
• 19 Total Ranges/Functions
• AC/DC Voltage to 600 Volts
• DC Current to 10 AMPS
• Temperature Test from -4○ to 1832○ F
• Resistance Ranges from 200 Ohms to 2M Ohms
• Continuity Test
• Diode Test
• Transistor Test
• Auto Power Off
• Data Hold
• Ergonomic, Shock Absorbing Case with Stand
• Double Insulated Case
• CAT I and II Rated
• Overload Protected
• Three Year Warranty
• Includes: Red Rubber Boot, Safety Test Leads with Screw-on Alligator Clips, K-Type Thermocouple Probe and 9 Volt Battery

Katun PN	Product Description
22118	Triplett Compact Digital Multimeter-1101-B

Triplett Model 2030C, Pocket-Sized

Model 2030-C Autoranging, Pocket-Sized DMM
· 3¾ digit, 4000 count display
· Auto / manual ranging
· AC/DC volts to 600V
· AC/DC current to 400mA
· Resistance to 40MΩ
· CAT II 600V rating on voltage ranges
· Capacitance test to 100μF
· Frequency range to 10KHz
· Duty cycle
· Diode check
· Continuity beeper
· Relative mode
· Data / range hold
· Auto power off
· Low battery indicator
· One-year warranty

Katun PN	Product Description
22119	Triplett Digital Multimeter-2030C (Hand)

Multimeters and Testers

Triplett Model 9045

9045 RMS Autoranging Digital Multimeter
• 6000 Count Display
• 61 Segment Bargraph
• Blue Backlit LCD
• Auto / Manual Ranging
• DC Voltage Ranges to 1000V, AC Voltage Ranges to 750V
• AC/DC Current Ranges to 10A, Resistance Ranges to 60M
• Temperature Test (F∘& C∘Selectable)
• Capacitance Ranges, Frequency Ranges
• Duty Cycle, Diode and Continuity Test
• Auto Polarity, Relative Mode, Data Hold
• Data Recording: Max/Min/Max-Min
• Flexible Auto Power Off
• Splash Proof / Dust Proof Case
• Overmolded, Shock Absorbing Case w/ Stand
• Safety designed to comply with IEC 1010-1
• CAT III 600 Volt / CAT II 1000 Volt Rated, Overload Protected
• Three Year Warranty
• Includes Safety Test Leads with Screw-On Alligator Clips, Thermocouple Probe & 9 Volt Battery

Multimeters and Testers

Triplett Model 9007

Model 9007 Digital Multimeter with HUGE 1.4 Inch Backlit Display and Capacitance Test
• 31 Measurement Ranges
• Huge 1.4" tall High Contrast LCD Display
• 3½ Digital Resolution (2000 Counts)
• High Performance Construction
• CAT IV Rated
• Protective Shock Absorbing Overmolded Shell
• Built-in Stand and Test Lead Holders
• Voltage Ranges: AC to 700V, DC to 1000V
• AC/DC Current Ranges to 20 Amps
• Capacitance Ranges from 2nF to 20uF
• Resistance Ranges from 200 Ohms to 200M Ohms
• Diode Test
• Continuity Beeper
• Auto Power Off
• Fused mA and Amp Ranges
• Overload Protection
• Double Insulated
• CE Mark (EMC/LVD)
• CAT I, II, III and IV Compliance
• Three Year Warranty
• Includes: Safety Test Leads and 9 Volt Battery

Power Disturbance Protector

Innovolt Power Protector (PP 15/PP 20)

NEW! The best value in intelligent power protection, the PP 15/PP 20 is designed for HD TVs, audio components, computers, monitors, printers, copiers, home appliances, scanners, IT equipment and test equipment where 15 Amp or 20 Amp service is required.

• Total protection to guard against the 5 Major Power Grid Disturbances; Voltage Sags, Over Voltage, Voltage Surges, Brownouts, and Power Outages.
• Microprocessor based Power Grid Disturbance detection and protection.
• 2-Stage EMI/RFI Filtering.
• 3-Stage MOV Protection against Voltage Surges.
• 1-Network (RJ45) Protection Circuit.
• 1-Telephone (RJ11) Protection Circuit.
• 3-Power Outlets (2 back/1 front).
• Unconditional Replacement Guarantee, 100% Customer Satisfaction.

Katun PN	Product Description
39195	Innovolt PP 15 (15 Amp, 120 AC 50/60 Hz)
39196	Innovolt PP 20 (20 Amp, 120 AC 50/60 Hz)

Innovolt Power Manager (PM 15/PM 20)

NEW! The Power Manager provides robust power protection for HD TVs, audio components, computers, monitors, printers, copiers, home appliances, scanners, IT equipment, medical equipment and test equipment. Bright LCD display shows total number of each type of disturbances protected against.

• Total protection to guard against the 5 Major Power Grid Disturbances; Voltage Sags, Over Voltage, Voltage Surges, Brownouts, and Power Outages.
• Microprocessor based Power Grid Disturbance detection and protection.
• 4-Stage EMI/RFI Filtering.
• 3-Stage MOV Protection against Voltage Surges.

Katun Magnetic Nut Driver

This Katun 5.5mm Magnetic Nut Driver is a must! 5.5mm hexagon head Phillips screws are common in many office machines from Canon, Ricoh, and others. Katun worked with Wiha to develop this exclusive nut driver specifically for office equipment technicians to use on service calls. The 10" blade enables technicians to reach screws not easily accessible with conventional tools. The large, ergonomic grip handle requires less force, yet achieves 40% more torque than conventional handles saving time and lessening stress on hands and wrists.
• Solid molded core with soft outer cushion grip
• Handle is molded directly to the blade for a permanent bond
• Super-hardened blade for unmatched durability
• Magnetic tip prevents screw loss during service

PN 15496 Phillips #2 1½" 5"
PN 15499 Phillips #1 3" 6"

Snap-on Screwdrivers for the Perfect Fit
Avoid driver camout and stripped screws! American-made Phillips screwdrivers commonly do not meet the stringent Japanese Industrial Standard (JIS 4633B-3/1991). Most are too large and/or too pointed to engage properly into Japanese Phillips screw heads. Poor tool-to-screw engagement can produce frequent driver camout and stripping of screw heads, resulting in lost productivity and increased parts costs. Katun provides Snap-on screwdrivers that meet all Japanese Phillips specifications, and service technicians notice the difference. The fit is perfect every time, and Snap-on vapor-blasted screwdriver tips provide maximum grip within the screw slot. The Snap-on Power Grip handle provides increased torque and reduces hand fatigue. Because the right tool is the tool best suited for the job, Katun offers Snap-on screwdrivers-for the perfect fit service technicians deserve Snap-on Phillips Screwdrivers All handles are perfectly sized according to blade length, for maximum turning power without slipping or fatigue.
• Heat-treated steel alloy blades with vapor-blasted tips retain their edge and grip.
• Lifetime replacement warranty; made in the U.S.A.

Ratcheting Screwdrivers

A

B

These high-productivity tools feature stainless steel shanks and Snap-on Power Grip handles engineered for the intensive use required in office equipment service. Service technicians will appreciate the many performance features, including magnetic bit retention, Japanese-compliant Phillips® tips with anti-camout ribs (ACR®), and a non-slip, knurled shank area. These screwdrivers adjust easily to drive or remove screws with the same smooth ratcheting action in either direction: the 26-tooth gear mechanism yields a new bite every 13.8 degrees. For the most stubborn fasteners, the locked position allows the manual torque of a conventional screwdriver. Convenient hollow handle stores all five screwdriver bits.

Katun/Snap-on Magnetic Ratcheting Screwdrivers with Bits.
Bits included:
• One Phillips #1 ACR.
• One Phillips #2 ACR.
• One TORX T15.

Vacuums

3M™ Electronics Vacuums

The 3M Electronic Vacuum is a powerful unit designed for high efficiency cleanup of most business equipment. Portability, quick setup and efficient safe operation are key features. The 3M Electronics Vacuum is constructed with electrostatic dissipative plastic, reducing the risk of damage to sensitive electronic equipment. In addition, it offers added protection for RF susceptible components found inside copiers, printers, and other office equipment. Normally, the equipment's metal cabinet provides shielding protection for these components, but the components are exposed when the cabinet is opened for cleaning. The 3M Electronics Vacuum RFI filter provides an additional level of safety. Comes complete with Type 2 filter, detachable power cord, 32 inch stretch hose, crevice brush and nozzle, dusting brush, needle nose nozzle and curved wand nozzle. Three year manufacturer warranty.

Page 63

Vacuums

3M™ Field Service Vacuums

3M Field Service Vacuum is the service engineer's choice for efficient cleanup. Portability, quick setup, and efficient, safe operation are key features of this powerful vacuum. The power cord, stretch hose, and all other attachments fit easily into the cover compartment for rapid access. The extendible hose allows the operator to clean large machines and hard-to-reach areas without lifting the vacuum. 3M's technologically advanced vacuum materials dissipate electrostatic buildup, reducing the risk of shock damage to sensitive electronic equipment and protecting the service technician from electrostatic discharge. The 1 HP motor is continuous duty rated with one sealed ball bearing and one sleeve bearing lubricated for life. Thermally protected with automatic reset. Comes complete with Type 2 filter, detachable power cord, 32 inch stretch hose, crevice brush and nozzle, and curved wand nozzle. Three year manufacturer warranty.

Vacuums

Ultivac® Service Vacuums

The UltiVac™ Service Vacuum delivers powerful, cost-effective performance in a fully featured vacuum that is ideal for office equipment cleanup. The portable, highly affordable UltiVac service vacuum now designed with more durable latches and hinges, and rounded vacuum case corners for years of intensive use is ideal for virtually any office equipment cleanup task. Its efficient 1.18 HP motor provides sufficient power for demanding cleaning tasks, and the expandable stretch hose and flexible wand tool effectively reach hard-to-clean areas. All attachments fit into the case cover for fast, convenient access. UL listed; 50/60 Hz, 5.0 amps. Comes complete with detachable power cord, flexible wandtool, crevice tool with detachable brush, toner-proof stretch hose (extendible from 30" to 6'), and OmniFit standard toner filter. Disposable filters are available in a choice of two types to fit your specific application. An OmniFit standard filter is included with this vacuum. Toner-proof stretch hose extends from 30 inches to 6 feet. While compact for easy storage, it will reach into large machines without lifting the vacuum. Static-dissipative attachments include a crevice tool, flexible wand tool, and a brush to loosen toner and dust particles.
• Durable hinges, latches, and styrene case ensure excellent impact resistance and long life.
• 100% static grounded for safe operation.
• Three year manufacturer's warranty.
• Measures 19.5" x 7" x 9.7"; weighs 10 lbs.
• Heavy-duty latches and hinges are designed to withstand years of intensive use.
• 1.18 HP motor provides efficient, powerful cleaning.
• Automatic reset feature protects motor against overheating.

Vacuums, Filters

3M™ Vacuum Filters

3M offers two filter types to meet all cleaning needs. Different fibers and weaves are designed to trap various particle types. Choosing the right filter type can also optimize vacuum suction and prevent blow-by (passing of particles back into the air and onto work surfaces). 3M configures filters with thin fibers in two different weaves to trap specific sizes of particles, and designs filter cartridges for easy installation and safe disposal.

Type 1 - Fine Particle Filter
A highly concentrated weave (HEPA media) traps extremely fine particles up to .3 microns. The Type 1 filter is designed for cleaning color laser printers, color copiers, and other highly sensitive machines that utilize toners of extremely fine particle size.

Type 2 - Toner/Dust Filter
The Type 2 filter efficiently traps toner used in standard copiers and laser printers. It is also ideal for cleaning typewriters and data processing equipment. Type 2 is the standard filter type included with all 3M service vacuums.
