Color Digital Copier/Printers

Approved for use in e-STUDIO 281c/351c/451c

Katun PNs: Various – see table below

OEM PNs: Various – see table below

Count on excellent image quality and increased profitability with these Katun Performance color toners

Benefits:

◆ **Toner you can trust**
These Katun Performance toners have been developed and rigorously tested to match Toshiba toner attributes in image density, background imaging, print/copy yields and toner adhesion, giving you a reliable OEM alternative.

◆ **Reduce Your Cost-Per-Copy**
You can multiply your savings and significantly lower your cost-per-copy when you purchase all four of these Katun Performance toners for your Toshiba color copier/printers.

◆ **100% compatible**
These toners have been thoroughly tested to ensure complete forward and reverse compatibility with Toshiba toners. End users can easily install these toner cartridges after OEM toner has been used, with no degradation of copy quality.

Part number: Cyan	T3511E-C (Europe), T3511C (Worldwide)	27374
Part number: Magenta	T3511E-M (Europe), T3511M (Worldwide)	27375
Part number: Yellow	T3511E-Y (Europe), T3511Y (Worldwide)	27376
Price per/sold in	Priced per cartridge, Sold per cartridge	Priced per cartridge, Sold per cartridge
Grams/cartridge	675 gram (Black), 220 gram (Color)	675 gram (Black), 220 gram (Color)
Yield/cartridge*	27,000 pages (Black), 10,000 pages (Color)	27,000 pages (Black), 10,000 pages (Color)

*Actual yield may vary depending on machine application, machine condition, and usage conditions.

KATUN®
PERFORMANCE™

You can be confident using color toners from Katun

Brilliant, true color is a major selling point of your color copiers and printers. And it is key to your customers' satisfaction. They expect OEM-equivalent quality and performance. That is the standard for every Katun Performance brand color toner.

To earn the Performance brand, these toners undergo stringent testing by Katun's team of chemists, engineers, technical operators and other specialists in our 90,000 square foot state-of-the-art Research and Development facility. Our comprehensive evaluation protocol and performance acceptance criteria ensure OEM-equivalent performance and remove the risks often associated with using other aftermarket color toners.
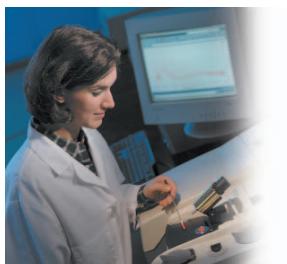

Katun Performance color toner testing criteria

✔ Assessment of OEM performance	✔ Forward & reverse compatibility with OEM toner
✔ Assessment of OEM material & physical properties	✔ Full life testing vs. OEM stated yields
✔ Katun material properties assessment	✔ Toner adhesion
✔ Fit & function of cartridges	✔ Temperature & humidity environment performance
✔ Image density	✔ Gray scale density
✔ Background imaging	✔ Dusting & machine cleanliness
✔ Toner flowability	✔ Dot quality
✔ Edge raggedness	✔ Resolution
✔ Line quality	✔ Extraneous marks
✔ Toner scatter	✔ Text quality
✔ Halftone quality	✔ Background noise

You can depend on Katun's expertise

Katun Corporation is the world's largest supplier of OEM-compatible imaging supplies, photoreceptors, and parts, as well as a leading manufacturer of fuser rollers and other select products for the office equipment industry. With over 27 years of expertise and experience in the office equipment industry, Katun serves customers in more than 170 countries.

Katun strives to respect the valid patent and intellectual property (IP) rights of others and be an "IP-friendly" corporation. Beginning at the initial state of product development, efforts are taken to promote IP compliance before a product is offered for sale. These efforts include an analysis of competitor's patents in the relevant technology are to prevent any potential infringement of the valid patent rights of other companies.
