

Select Xerox Color Phaser Applications

See page 2 for part numbers

Receive OEM-equivalent yields and outstanding performance in these color Xerox Phaser applications!

Katun® solid inks provide distributors, dealers and end-users with improved quality, reliability and ease of installation compared to other aftermarket products.

Benefits:

◆ Improved Product Performance

Katun® solid ink products provide outstanding print quality and color matching comparable to that of the OEM products. Furthermore, these easy-to-install Katun® solid inks are manufactured to provide improved performance over the currently available aftermarket solid ink products and – as the result of enhanced ink flow characteristics – *are less prone to machine compatibility or costly print head failures.*

◆ OEM Equivalent Yields

Katun® solid inks offer OEM-equivalent yields and are packaged and sold in OEM-equivalent quantity configurations. For example, the solid inks for the Phaser 8560 will be offered in 3-pack versus the 4-pack configuration from other aftermarket sources.

◆ Consistent, High-Quality Products

Katun's extensive testing and evaluation protocols ensure industry-leading performance for our new solid ink products, giving customers a consistent and reliable aftermarket OEM alternative.

◆ Best Overall Value!

These solid inks provide customers the best overall value versus both the OEM and the aftermarket solid ink alternatives. Katun® solid inks are formulated and manufactured to provide outstanding image quality and consistency, plus OEM-equivalent yields – meeting the expectations of even the most demanding Xerox solid ink customers seeking aftermarket value.

Product Characteristics

Xerox Models	Color	OEM Part Number	Katun Part Number	Katun Configuration
Phaser 8560/8560MPF-series	Cyan	108R00723	37991	3 per box
	Magenta	108R00724	37992	3 per box
	Yellow	108R00725	37993	3 per box
	Black	108R00726	37994	3 per box
Phaser 8500/8550-series	Cyan	108R00669	37983	3 per box
	Magenta	108R00670	37984	3 per box
	Yellow	108R00671	37985	3 per box
	Black	108R00668	37986	3 per box
Phaser 8400-series	Cyan	108R00605	38704	3 per box
	Magenta	108R00606	38705	3 per box
	Yellow	108R00607	38706	3 per box
	Black	108R00604	38707	3 per box
Phaser C2424-series	Cyan	108R006600	37975	3 per box
	Magenta	108R006601	37976	3 per box
	Yellow	108R006602	37977	3 per box
	Black	108R006603	37978	3 per box
