

Katun® Performance™ Color Toners for use in

Ricoh Aficio MP C2500/C3000-series

Digital Copier/Printers

The new Katun® color toner set for use in these Ricoh models provides you with bold, vivid colors and OEM-equivalent toner yields

Katun PNs: 38806, 38807, 38808, 38809
OEM PNs: 841338, 841339, 841340, 841340

The introduction of these Katun® Performance™ color toners expands our selection of high-quality imaging supplies for use in Ricoh Aficio applications. This toner set, which provides OEM-equivalent yields and image quality, is ideal for all color environments, and provides the cost savings that dealers need without the risk of poor performance or end-user dissatisfaction. These cost savings enable greater dealer profitability because this machine series has been very widely placed.

Benefits:

◆ Reliable Performance and True Cost Savings

Not only do these Katun® color toners provide significant up-front savings, their strong yields, consistent performance and reliability ensure that *your* true cost savings remain high with every toner purchase.

True costs – the toner purchase price plus any additional costs you incur due to low yields, poor performance and/or unexpected and costly service calls – may be a problem when you purchase other aftermarket toners.

In challenging economic times, it's even more important that your supplies partner offers true cost savings in both the short and long term.

◆ Ideal Color Quality

Color reproduction can vary, even from machine to machine within an OEM family using OEM toner. This color toner set meets Katun® Performance™ standards, so users will experience true, vivid color reproduction throughout the life of the toner cartridge. The color reproduction and image quality are OEM-equivalent, and will therefore easily meet or exceed the expectations of end-users in business color environments.

◆ A Long-Term Profit Opportunity on a Large, Widely Placed Machine Base!

These Katun® Performance™ color toners are priced very competitively against the OEM toners for these machines. The Ricoh Aficio C2500/C3000 series represents a successful Ricoh Aficio color series that was widely placed, providing you with substantial cost-saving and profit opportunities now and in the future.

◆ OEM-Equivalent Yields

The overall quality and yields provided by this Katun toner set are OEM-equivalent, so you can be sure that you are getting an outstanding cost/yield value.
