

Katun® Monochrome Toner Cartridges for use in

Lexmark E460, T630, T632, T640, T644, T650, T654-series

Printers and MFPs

Katun PN: See page 2 • OEM PN: See page 2

Katun introduces its new toner line for use in Lexmark monochrome printers – these toners produce quality prints at an exceptional value!

Note: Products shown represent Katun products in this category.

The introduction of these seven remanufactured toner cartridges for use in Lexmark E460, T630, T632, T640, T644, T650, and T654-series provides dealers with solid performance and consistent print quality, at a significant cost savings vs. OEM toner.

Benefits:

◆ Toner Performance You Can Trust

These Katun remanufactured toner cartridges have been developed to provide market acceptable print quality and OEM-equivalent page yields. Each toner is also backed by Katun's two-year product warranty to ensure complete customer satisfaction.

◆ Realize Significant Cost Savings

In the extremely competitive printer supplies market, price is a primary consideration, particularly with monochrome products. These printer products are priced competitively against the printer aftermarket, with even more significant savings when compared to OEM products.

◆ Outstanding Overall Value!

These monochrome toners provide customers an outstanding overall value versus both the OEM and the aftermarket alternatives. Katun toners are remanufactured to provide consistent and reliable output – meeting the expectations of even the most demanding Lexmark customers seeking aftermarket value.

◆ New Line of Monochrome Toner for use in Lexmark Printers/MFPs

Katun now offers a line of competitively priced monochrome toners for use in many of the most popular Lexmark printer and MFP series. Katun has the quality toner you need at prices that add profit to your bottom line.
