

Katun Performance™ Color Drum Unit for use in:

Canon imageRUNNER ADVANCE C5030/C5035/C5235/C5240-series

MFPs

Katun PN: 46981 • OEM PN: 2779B004AA (GPR-31)

Reduce costs and improve the long-term profitability of your Canon imageRUNNER ADVANCE C5030-series color machines!

Katun is very pleased to announce the release of the color drum unit for these popular Canon applications – representing an important addition to our growing color product portfolio. These Katun Performance™ remanufactured drum units offer OEM-equivalent image quality and excellent performance at a significant cost savings versus the OEM drum unit.

Benefits:

◆ OEM-Equivalent Performance and Easy Installation

During extensive laboratory testing, these Katun Performance color drum units produced image density, life, and overall performance equivalent to the OEM drum units. Additionally, the Katun drum units offer easy, drop-in installation.

◆ New Components Ensure Exceptional Quality

These Katun Performance color drum units are remanufactured and assembled with a new OPC drum, drum cleaning blade, charge roller, charge roller cleaning roller, waste toner recovery seal, and re-set/fuse chip. In addition, each drum unit is produced in accordance with Katun's four-part drum cartridge remanufacturing process, ensuring consistent quality and exceptional performance – at a superior value.

◆ Excellent Long-Term Profit Opportunity

Over the long-term, these Katun performance color drum units will provide dealers with a great opportunity to reduce their expenses on a significant portion of their installed machine base.

◆ Cash-for-Cores Recycling Program

We strongly encourage dealers to keep sending us their used OEM drum unit cores for this product, including the black drum unit cores. Dealers can enjoy greater profits, earn cash for their used drum units, and help reduce the number of cores that end up in landfills!

PLEASE NOTE: We are only accepting the AA (plastic frame) version of these drum units
OEM part numbers 2778B004AA / 2779B004AA (GPR-31).

For more information on how to recycle these units, receive money in return and ensure future product availability, please visit www.katun.com/about-us/environment/recycling.
