

Katun Performance™ Monochrome Toners for use in

Lexmark MS 710 and MS 810-series

Printers & MFPs

Katun PN: See Page 2 • OEM PN: See Page 2

You can depend on consistent performance with these Katun toners for use in Lexmark printers!

Katun introduces another set of high-quality printer toners to our growing line of monochrome and color toners for use in Lexmark printers and MFPs. In addition to excellent image quality and performance, these remanufactured Katun Performance™ monochrome toners provide are fully compatible with OEM toner and provide you with significant cost savings.

Benefits:

◆ Outstanding Performance

You can trust Katun – this new monochrome toner has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

- Image quality & density
- Yields
- Fusing performance

◆ Increase Profitability

This toner offers consistent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality or customer satisfaction. Although these mid-size workgroup printers are no longer sold by Lexmark, machines in the field are likely to exhibit longer-than-average machine lives – ensuring long term profit opportunities.

◆ A Seamless Transition from OEM

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun Performance™ toner seamless for your customers. All Katun Performance™ toner cartridges are developed and manufactured according Katun's strict quality guidelines to ensure consistent quality and performance.

◆ A Growing Line of Products for use in Lexmark Applications

Katun offers a growing line of toner cartridges for use in the most popular Lexmark monochrome and color printers and multifunctional equipment, enabling you to meet the printing supplies needs of all your customers.
