Relax, We've Got You Covered

A Legacy of Lasting Impressions

We've been an imaging industry leader and innovator for nearly 40 years, through industry consolidation, recession, market surges and crashes, digital/analog convergence, color growing pains, the birth of MPS, the advent of the not-yet paperless office . . . and the list goes on. Through it all, we've remained your reliable partner. Now, as we combine strengths with those of our new owner, GPI, a highly regarded manufacturing leader in the imaging industry, our foundation has become even stronger.

Above all, we've learned that relationships with business partners that share our steadfast commitment to quality and value are the key to long-term success. Our customers have made a lasting impression on us; we hope we have done the same for you, and are committed to do so well into the future.

Vacuums

Katun by SCS Vacuums

A Tradition of Premier Quality

Katun by SCS Vacuums – formerly 3M vacuums – are the service engineer's choice for efficient cleanup. Portability, quick setup, and efficient, safe operation are key features of every vacuum. Technologically advanced vacuum materials dissipate electrostatic buildup, thereby reducing the risk of shock damage to sensitive electronic equipment while protecting the service technician from electrostatic discharge.

- Type 2 filter
- Detachable power cord
- Stretch hose
- Crevice brush and nozzle
- Curved wand nozzle
- 3-year warranty

Katun by SCS Filters & Accessories

SCS configures filters with thin fibers to trap specific sizes of particles, and designs filter cartridges for easy installation and safe disposal.

Type 1 is a Fine Particle Filter. This is a thinner, more concentrated weave for trapping extremely fine particles, typically used for color laser printers, color copiers and highly sensitive equipment. Type 2 is a Toner/Dust Filter; it efficiently traps toner from standard copiers, laser printers, and data processing equipment. The HEPA filter is designed to remove extremely fine contaminants down to 0.3 microns at 99.7% efficiency.

Attachments fit all Katun by SCS, UltiVac, and Atrix service vacuums.

UltiVac Filters & Accessories

Katun OmniFit® Filters are universal filters designed to trap toner, dust, and other particles and fit UltiVac™ and UltiVac Deluxe™ vacuums. Standard filter rated 99.5% efficient for particles 2.0 micrometers and above. Excellent for black toner filtration.

The OmniFit High-performance filter rated 99.99% efficient for particles 0.9 micrometers and above. Excellent for color toner filtration.

UltiVac Jr. Filters are specially designed for use in the UltiVac Jr. vacuum. The plastic filters are excellent for black and color toner filtration, and the HEPA filters are safety-rated to clean ultra fine toner. The standard filter has a 0.3-micrometer retention capability for effective office equipment cleanup. Safe and easy to use. HEPA filters include sealing plug for clean disposal.

Atrix Service Vacuum Accessories are designed to perform their tasks safely and efficiently, and are constructed of durable materials that withstand intensive use.

Screwdrivers

Katun provides only high-quality precision Phillips and flat tip screwdrivers, and service technicians notice the difference. The fit is perfect every time; tips provide maximum grip within the screw slot. Katun provides a variety of screwdrivers because we know the right tool is the tool best suited for the job – and not all jobs are the same. All handles are perfectly sized according to blade length, for maximum turning power without slipping or fatigue.

Vessel™ Screwdrivers

Vessel screwdrivers feature a unique, high-precision fit that ensures optimal driver tip and screw head engagement on Japanese electronic and office equipment ("JIS" screws). These tools are manufactured using advanced state of the art heat-treating equipment and technology, utilizing the best steel materials. Vessel screwdriver handles – including palm grip, crystalline acetate, super-cushion gel-grip and megadora ultra-grip styles – feature ergonomic design and provide excellent leverage and high torque output.

KATUN®

COMPACT – 120 V 15 A

DESIGNED FOR SMALL-SCALE DIGITAL EQUIPMENT

SURGE PROTECTION & POWER FILTRATION

Offered by Katun

1 Easy Protection Indicators

PROTECTION OK: Indicates protection is in effect.

GROUND OK: Indicates a properly wired and grounded outlet.

Katun PN: 52402

2 S1/S3 MOV Patented Technology

- Suppresses more energy by heat dissipation with faster rate
- Higher Joule rating than a regular MOV
- Provides better flameproof ability due to its high resistance to extreme temperature material.

**MXPOWER
PROTECTS AGAINST
FIVE MAJOR POWER
DISTURBANCES**

VOLTAGE DIPS
(SAGS OR BROWNOUTS)

SUSTAINED
OVER-VOLTAGES

POWER SURGES/SPIKES
(LIGHTNING STRIKES,
LOAD SWITCHING,
STATIC DISCHARGE)

ELECTROMAGNETIC
AND RADIO FREQUENCY
INTERFERENCES

BLACKOUTS

**THE ENHANCED PROTECTION AND BETTER
DIAGNOSTICS OFFERED BY OUR SURGE
PROTECTORS ENABLE BUSINESSES TO:**

- Improve reliability and increase equipment operating life
- Reduce returns and "no problem found" service calls
- Enhance operations and reduce business downtime

KATUN[®]

Made by **SCS**

Electronic Service Vacuum

ESD Safe Vacuum, High Efficiency System

Don't put your electronics at risk!

The Katun Electronic Vacuum by SCS is ideal for cleaning electronics that contain ESD sensitive components. This product meets ANSI/ESD S20.20 and is designed to be used in an ESD protected area. The hose and accessories are dissipative so electrostatic charges will be removed when properly grounded. You can also expand the capabilities of your vacuums by using the various attachments that are included.

The Electronic Service Vacuum comes complete with:

- Type 2 Filter
- 8 Foot Power Cord
- 5 Foot Hose
- Wand
- Crevice Tool
- Crevice Tool Brush
- Dust Brush
- Needle Nose Nozzle

Katun also offers both SCS Type 1, Type 2, and HEPA filters to provide filtration for various particulate sizes.

Type 1 Filter

A thinner, more concentrated weave for trapping extremely fine particles. Typical applications: color laser printers, color copiers and highly sensitive equipment.

Type 2 Filter

Specially designed for trapping unwanted toner from copiers and laser printers. Also ideal for cleaning keyboards, fans and other household dust.

HEPA Filter

High efficiency particulate air (HEPA) filtration is designed to remove extremely fine contaminants down to 0.3 microns in diameter at 99.7% efficiency. Ideal for toner, dust and cleaning highly sensitive equipment.

NEW!

High Efficiency

ESD Safe

Detachable Powercord

Protecting office equipment from costly power disturbances.

Increase
up-time.

Decrease
service calls.

Innovolt products help deliver better service, productivity and equipment reliability for your customers.

Now with  Bluetooth®!

- Wirelessly read data from Bluetooth-enabled Innovolt devices
- Live voltage monitoring on your smartphone
- Fully developed and agency-approved
- Easy access to data - no more crawling behind machines!
