

Katun® Performance™ Color Toners for use in

## Konica Minolta Bizhub C200 & C353-series

Digital Copier/Printers

**These two new color toner sets provide outstanding color reproduction and significant cost savings!**

Konica Minolta dealers can save even more as Katun expands its color product offering with TWO new Katun® Performance™ toner sets for use in Konica Minolta Bizhub C200 and C353 applications.

### Benefits:

◆ **Expanding Product Offering Provides More Profit Opportunities**

Katun is committed to providing a comprehensive color product offering for Konica Minolta dealers – helping you improve profitability on your most important color machine populations, now and in the future.

◆ **Reliable Performance and True Cost Savings**

Not only do these Katun® Performance™ color toners provide significant up-front savings, their strong yields, consistent performance and reliability help to ensure that your true cost savings\* remain high with every toner purchase.

◆ **OEM-Equivalent Color Reproduction**

These toners provide OEM-equivalent color reproduction, making them ideal for graphics accounts, and should easily meet or exceed the performance expectations of users in Business Color environments.

◆ **100% Compatible**

As with all Katun® Performance™ toners, these toners have been thoroughly tested to ensure complete forward and reverse compatibility with Konica Minolta toners. End-users can easily install these toner cartridges before, alongside and/or after OEM toner has been used, without degradation of print/copy quality.

◆ **Outstanding Overall Value**

You can count on excellent color reproduction, plus OEM-equivalent image quality, yields and performance from these Katun® Performance™ color toners. Both color toner sets provide dealers with an outstanding overall value!

*\*True cost equals purchase price plus any costs due to poor performance and/or unexpected service costs.*
