Katun & OEM PNs: See page 2

Increase your profits and receive excellent print quality with this Katun® Performance™ toner

The addition of this Katun® Performance™ toner cartridge for use in HP LJ Enterprise M4555 MFP-series applications, expands Katun's growing product offering for use in HP monochrome printers. This remanufactured toner cartridge provides outstanding performance and excellent print quality, print after print, ensuring customer satisfaction. This product provides an excellent value: immediate cost savings without sacrificing quality.

Benefits:

◆ Performance You Can Trust

This Katun® Performance™ remanufactured toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing to ensure compatibility with the OEM toner. Katun's testing and evaluation protocols ensure industry-leading performance – giving you a reliable and profitable alternative to high-cost OEM toner.

◆ Quality Remanufacturing Process

This remanufactured toner cartridge fits, installs, and performs similar to the OEM product, which helps make the transition from OEM toner to Katun® Performance™ seamless for your customers. Each cartridge is developed and manufactured according to strict Katun quality guidelines to ensure consistent quality and performance.

◆ Expanding Line of Toners for use in HP Applications

Katun continues to expand its line of competitively priced toners (monochrome and color) for use in many of the most popular HP printers and MFPs.

◆ Enhanced Profitability

These HP applications are still active in HP's current monochrome printer portfolio. This Katun® Performance™ toner provides dealers immediate and long-term profit improvement opportunities for a growing machine base.

Machine Overview

First introduced in 2011, these printers are geared towards mid-size workgroups and large businesses. These machines offer reliable performance while also providing great print quality, quick output speeds of 55 ppm and a first print out time of only 8.5 seconds.
