

Katun® Performance™ Monochrome Toners for use in

Hewlett Packard Printers

Katun & OEM PNs: See Page 2

Increase your profits and receive excellent print quality with these Katun® Performance™ extended yield monochrome toners

Note: Products shown represent Katun products in this category.

Experience all of the same benefits of using standard yield Katun® Performance™ toner - now at a lower cost per page. These cartridges provide extended yields of 50-100% over Katun's standard yield cartridges.

The addition of these extended yield Katun® Performance™ toner cartridges expands Katun's already growing product offering for use in Hewlett Packard monochrome printers. These remanufactured toner cartridges provide outstanding performance and excellent print quality, print after print, ensuring customer satisfaction. These products provide an excellent value: immediate cost savings without sacrificing quality.

Benefits:

◆ Performance You Can Trust

These Katun® Performance™ remanufactured toner cartridges have been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing. Katun's testing and evaluation protocols ensure industry-leading performance – giving you a reliable and profitable alternative to high-cost OEM toner.

◆ Quality Remanufacturing Process

These remanufactured toner cartridges fit, install and perform similar to the OEM product, which helps make the transition from OEM toner to Katun® Performance™ seamless for your customers. Each cartridge is developed and manufactured according to strict Katun quality guidelines to ensure OEM-equivalent performance.

◆ Expanding Line of Toners For Use In HP Applications

Katun continues to expand its line of competitively priced toners (monochrome and color) for use in many of the most popular Hewlett Packard printers and MFPs. Katun has the high-quality toner you require at an affordable price.

◆ Enhanced Profitability

These Hewlett Packard applications are still active in HP's current monochrome printer portfolio. These Katun® Performance™ toners provide dealers significant cost-saving versus OEM toners and provides immediate and long-term profit improvement opportunities in MPS (managed print) environments.

Product Characteristics

Model	Color	Katun PN	OEM PN	OEM Yield*	Katun Extended Yield	% Increase
HP LJ 1320-series, 3390, 3392	Black	39646	Q5949X	6,000	12,000	100%
