

Katun Performance™ Color Toners for use in

HP Color LaserJet Pro M154/180/181

Printers & MFPs

Katun PN: See page 2 • OEM PN: See page 2

Receive excellent print quality and consistent performance in your HP Color LaserJet Pro M154/180/181 printers with these cost-saving color toners from Katun!

Katun introduces a group of high-quality color printer toners to our comprehensive and growing line of high-quality toners for use in HP printers. These new Katun Performance™ color toners provide outstanding performance, remarkable print quality and significant cost savings. These printers are still being currently sold by HP, therefore these Katun toners will provide dealers with significant immediate and long-term cost savings and profit opportunities.

Benefits:

◆ Trust Katun Toner for Outstanding Performance

You can trust Katun – these new color toners have been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

- Image quality and color reproduction
- Yields
- Fusing performance

◆ Reduce Your Supplies Costs

These toners offer excellent performance at a significant cost savings, which means you can improve your profitability. In a volatile market where reducing costs can sometimes lead to performance trade-offs, Katun color toners are proven way to improve your profits without compromising quality.

◆ Smoothly Transition from OEM Toner

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun Performance™ toner seamless for your customers. These toner cartridges are developed and manufactured according to Katun's strict quality guidelines to ensure consistent quality and performance.

◆ A Large Growing Line of Printer Products

Katun offers a comprehensive line of toner cartridges for use in the most popular HP monochrome and color multifunctional equipment, as well as other widely placed laser printer manufacturers. Katun helps you meet the printing supplies needs of all your customers – whether large or small.

Machine Overview

Introduced in late 2017, this series of 17 ppm printers and MFPs is ideal for use in small or home offices that need color printing in an affordable device. In addition to providing excellent output, these devices feature a highly reliable engine, fast first print times and a user-friendly design with a low total cost of ownership.

Model	Intro	Speed (PPM)	Mfg Status	Functions
